

Magpie Brewery & Pubs – COVID-19 update

Dear Customer,

We've been following the latest advice about COVID-19 from the World Health Organisation, Public Health England and the UK Government. Following the Government's announcement last night, we wanted to update you on the measures we are taking within our businesses.

Regrettably, we will no longer be opening our tap room on Match days until further notice. We will not be taking bookings for private parties and brewery tours to keep in line with the new social distancing practices.

Regarding our pub sites we're not making any decisions just yet. We fully respect the guidance from the Government, and we are committed to the safety of our staff and customers. We would like to reassure you, that if you do choose to venture out, our pubs will remain business as usual while we monitor the situation and government advise.

Our team members are observing the highest hygiene standards. The cleanliness and hygiene of our sites is of top priority and we have put additional measures in place to help protect our team and customers including, sanitizing 'frequent contact' areas periodically throughout the day.

In order to minimise the risk to you, other patrons and our staff we kindly ask that when you do visit, you be respectful of others' personal space and maintain good hygiene, washing your hands on arrival and before leaving the premises.

We want to continue to provide you with good beer so will be keeping our tap room open for off-sales only, as well as our pub's offering beer to take away.

It is a difficult time for small independent businesses and if you want to help us whilst staying indoors, you can purchase one of our gift vouchers to be used across all our sites over the next 12 months.

With no clear shut down enforcement we are business as usual for now and taking it one day at a time. We value your support and understanding over the coming weeks and will continue to keep you updated of any changes.

We thank you for your custom, we're maintaining good spirits across our sites and are hoping you all keep safe at this very difficult time.

The Magpie Team
